The Kenton Fire Insurance Company, although a home institution, is represented by many of the wealthiest and most staunch business men in Covington, and sells along independent of the churches and claims of many other companies. It takes its own risks without advice from other companies, and never gives advice. It charges a small per cent., and pays losses without squabble or argument.

A Small Scension.

For several days last week, there was considerable gossip on one street of the secret marriage of Willie Massie to Miss Annie Croxton, and Harry Croxton and Miss ———, of Danville—the wedding alleged to have taken place a week previous in Aberdeen, Ohio. The gossip soon reached the ears of Harry Croxton, who at once denounced the rumor as infamously false, and he at once set to work to trace the fountain source of the rumor. He found that young Massie had told in confidence to several parties the marriage of the aforesaid parties had taken place, and secret was kept on the big quiet for a few short hours until everybody was fully on it.

On Thursday last, Croxton visited his sister, who was with Laa Fretwell's daughter home from college at Harrodsburg on a short visit, and found her surprised as well as mortified at such an absurd rumor. He at once returned to town and consulted various friends as to what course to pursue, and we, for one, advised him to submit to a contradiction of the rumor through the News without using any names, for the sake of the parties interested, and to let the matter drop; and he left satisfied with our advice, but it seems that some other friends dissuaded him from the stand taken, and on the day following at near noon, he went around to Prof. Yerkes' school, and boldly faced Massie with the charge. The young man denied the charge and rather begged quarters, but in a moment of wrath Croxton drew a cowl from his pants at the waist and administered for five or six strokes, and thus the matter ended.

Willie Massie is the only son of W. W. Massie, of this city, and is aged about seventeen years. Miss Annie Croxton and her brother are orphan children of the late General "Pike" Croxton, and are aged fifteen and twenty-one years respectively.

There is general regret here by many good citizens, that young Massie should have been so thoughtless as to have perpetrated a school-boy joke of so serious a nature, and too, that Croxton had not passed it over as a school-boy freak of frivolity, instead of bringing about a greater sensation and sorrow on part of the parents of Massie and their friends—yet too, there are many good men who openly justify Croxton in the course he pursued, alleging that the boy had talked in a very reprehensible manner of Miss Croxton, as well as of several other ladies.

J. G. Owen, Louisville, says: "I have used Brown's Iron Bitters for vertigo and shattered system; it was wonderfully pleased with the result."
